RETAIL POS  TM
— Synergy to succeed in your Retail Business —

To stay ahead in the digital world and to offer a seamless banking process for our software users we just joined our hands with ICICI Bank Business Banking by integrating them with Retail POS Software. Through which you could access the following functions

- 1. Send RTGS / NEFT / IMPS**
- 2. Check Account Balance**
- 3. Link Bank Accounts**

HOW TO REGISTER

MANAGEMENT -> BANKING -> REGISTRATION

The screenshot shows the 'Registration' page in the Retail POS system. The top navigation bar includes the 'RETAIL POS' logo and a menu with options: Masters, Inventory, Merchandising, Purchase, Sales, Stock, Management, Reports, Transfers, Security, and Add On. The user is logged in as 'AA(HQ)'. The breadcrumb trail is 'Home > Management > ICICI > Registration'. The main content area features the 'ICICI Bank Business Banking' logo and three input fields: 'CORPID*' with the value 'XXXXXT', 'USERID*' with the value 'XXXXG6', and 'ALIASID' which is empty. Below the fields are three buttons: 'Register(F4)', 'SelfApprove', and 'Clear(F6)'. The footer contains the text: 'This Retail POS Product is best viewed in Google chrome @ 1366 x 768', '© 2020 Uniprotech. All rights reserved | Design and Maintained by Uniprotech Solution', and a link: 'Do you want to create a current account in ICICI Bank? Click here'.
